

SUDAN CHURCH ASSOCIATION

The Sudan Church Association works alongside the Church Mission Society, the Dioceses of Salisbury and Bradford, and other organisations in partnership and support of the Episcopal Church of the Sudan. The association:

- Makes regular contributions to support Bishop stipends and salaries for Provincial Office staff
- Provides project-specific grants – e.g., refurbishing an ECS property for income-generation, funding for the Provincial Synod
- Advocates the cause of the ECS in the UK and America in church and government circles
- Publishes the *Sudan Church Review*, a biannual magazine that promotes interest in, and concern for, the ECS
- Maintains links to the ECS through personal visits

The Association has no registered office, but relies on the efforts of individual trustees and other volunteers, working from home or office, to undertake its work. Members support the work through donations and fundraising.
